SMART TEACHING & LEARNING OPTIONS

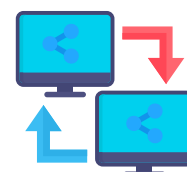

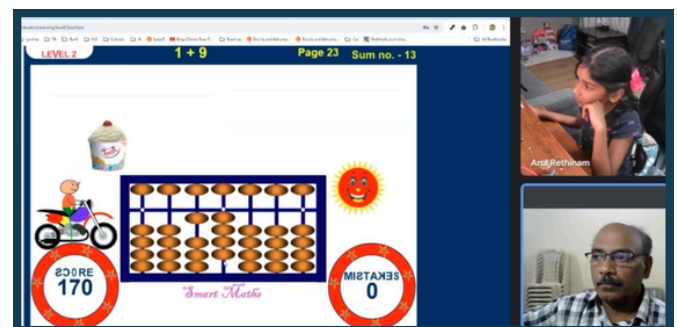

Offline Mode:

Smart TV
integration for
engaging in-
person classes

Online Mode:

Screen-sharing
for easy remote
teaching

STUDENT TESTIMONIALS

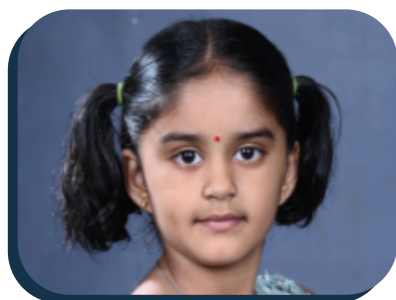

PRAGADEESH. S

ONGC SCHOOL

My father forced me to join in Smart Maths Abacus course and brought to the centre. There the master explained about the course. Here they are having a set of animated computer games Developed by the Abacus Master Mr. Adavane. The games are able to teach Abacus course amazingly when playing them.

Playing three games a day is my Abacus homework, I love it. I shared this information to my best friends. Some of them joined in Abacus course using my referral id. Loyalty point's program helped my parents in paying course fees. We all are Happy !

OVIYA

Karaikal Ammaiyar Hr. Sec. School

I have joined the Abacus course in smart maths Abacus education during summer holidays of my sixth standard. Here they are teaching the abacus lessons through animated computer games. Here I am playing the Abacus games and learning maths. My brother Roshane used to watch this and showed his interest to join the course happily.

Worldwide book of Record in Abacus

3600 Sums in 10 Minutes

(from 36 Smartmaths Abacus students)
